Payment Information

- All rates are NET to Publisher and do not include any additional agency fee. Agency fees must be paid by Advertiser.
- Publisher accepts American Express, Visa, MasterCard and Discover payments; please add 3% for processing.
- Payments received after 60 days are assessed a 5% late fee.
- In the event an account is referred to a third party for collection, Advertiser agrees to pay collection and/or reasonable attorney’s fees, as well as court costs incurred to effect collection.
- Rates are subject to change upon 60 days notice from the Publisher. Signed contracts and accepted insertion orders are not subject to rate change.

Advertising Criteria

- Advertising content should advance patient understanding of what the product is and how to use it without jargon or ambiguous terminology. For example, Allergy & Asthma Network research shows the term “rescue medication” leads patients to believe that bronchodilators should be used sparingly, in life-threatening emergencies only, and that “controllers” refers to whatever medications they use to stop unwanted symptoms. Such terminology has been removed from NIH Asthma Guidelines and we encourage Advertisers to do the same.
- Advertisements may not state or imply through graphic images that use of a product or medication provides a cure or will obviate the need for allergen avoidance or other preventive allergy and asthma measures unless scientifically established evidence is provided to Publisher and to the reader substantiating such claims.
- Publisher does not accept advertising that overtly or subtly disparages a competitor’s product.
- Advertisements that appear to be editorial in content will be clearly labeled as advertisements.
- Publisher does not accept advertisements containing a seal of approval, implied endorsement or allergy- or asthma-friendly certification.
- All advertising is subject to preapproval by Publisher. Publisher may reject or cancel any advertising for any reason at any time. Advertisements not previously published in AAT must be received at least 1 week before published materials-due date to facilitate approval process.
- Publisher makes no claims or endorsements about products, services or therapies advertised and encourages readers to contact Advertisers with any questions about products and services offered.

Cancellation terms: Special placement and multiple-insertion contracts cannot be cancelled. For single-insertion contracts, neither Advertiser nor its agency may cancel advertising after closing date. If for any reason ad materials are not received by the published materials-due date, Publisher reserves the right to repeat a former ad at full rate or charge Advertiser for the cost of space reserved.

Indemnification: Advertiser agrees to abide by all Allergy & Asthma Network advertising terms and conditions. Advertiser agrees to hold and save Publisher harmless against all liability resulting from the publication of advertising material furnished by Advertiser, including Publisher’s expenses of defending against any such claims.
